

INGENIOUS PROBIOTICS

# Lucaa+ ALLERGY-FREE SPRAY

## PROBIOTIC CARE AND HYGIENE FOR PETS

### Improves Management of Atopic Allergies

LUCAA+ Allergy-Free is a preventative spray that reduces atopic symptoms caused by environmental and seasonal allergies. It contains beneficial, probiotic 'good' bacteria, naturally sourced from plants. These helpful probiotics restore natural and healthy microbial balance to the skin, called a healthy microbiome. This reduces the risk of itchy, flaky skin, excessive scratching, hot spots and rashes.

This spray is non-polluting and suitable for use indoors and outdoors.

### Reduces Uncomfortable Itching and Scratching

Atopic allergies in pets are increasing and are triggered by dust mite faeces, pollen, mould spores and chemicals. Dust mites live in house dust and fabrics such as curtains and bedding. They produce around twenty droppings a day, which can trigger allergic reactions. Household cleaning products can contain chemicals that significantly impact the health of pets.

Animals with severe allergies may need a broader approach. Our Pet Allergy Management Pack includes probiotic shampoo and chemical-free cleaning products to create a healthier living environment. This protects the animal more fully and reduces allergy triggers in kennels, living area and cars. Contact us for more information.

### INSTRUCTIONS

Ensure the animal is as clean as possible for best results. Shake before use. Spray LUCAA+ Allergy-Free directly onto coat and brush through gently to ensure even application. Depending on severity and size of the animal – apply twice daily for the first few days then reduce to one, then reduce as required. It is beneficial to also spray onto the animal's living and sleeping environment, including bedding and toys. Always consult a vet if in doubt or symptoms persist.

### RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
- Not a medicine or medical device.

### COMPOSITION

- Water
- Plant-Based Probiotic Bacteria (Auto-Active Microorganisms)
- Emulsifier (Castor Oil)
- Aloe Vera Aroma
- pH Stabiliser

Spray - 300ml

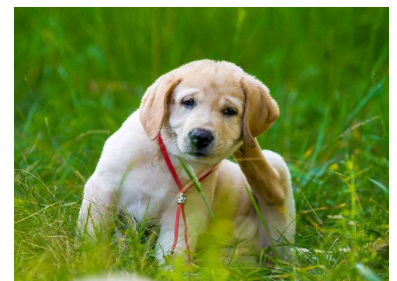

**Reduces pollen dust mite and bio-allergens.**

**No harmful chemicals or toxins.**

**PETA certified vegan and cruelty-free.**
