# HORSE EAR CARE

## Lucaa+ EQUINE PROBIOTIC CARE & HYGIENE

### Restores and Fosters Healthier Ears

LUCAA+ Horse Ear Care is an easy to use smart spray that cleans the inner ear thoroughly and gently. The spray is enriched with beneficial 'good' probiotic bacteria, naturally sourced from plants.

These helpful probiotics restore healthy microbial balance to the ear canal. They inhibit the growth of harmful bacteria and reduce the risk of infections. They also reduce inflammation and allergic reactions, organic dirt and ear wax. This makes the horse feel more comfortable.

LUCAA+ Horse Ear Care Spray works in a mechanical way that reduces antimicrobial resistance and can help to reduce antibiotic use.

### Alleviates Itching Caused by Ear Mites

Maintaining good ear health is essential for horses - prevention is better than cure. Horses can suffer from ear hardening or keratinisation, which causes itching and irritation in the initial phases. With regular use, LUCAA+ Horse Ear Care will reduce and prevent scabs from forming and hardening.

Ear mites are a common parasite and the primary cause of these infections. They live in ear wax and their faeces cause intense, uncomfortable itching. The helpful probiotics in LUCAA+ Equine Ear Care alleviate this irritation by depriving ear mites of food, which reduces their numbers, and by consuming their faeces.

### INSTRUCTIONS

Use three to four times a week depending on the horse's condition. Shake before use. Lightly spray into the ear from a distance of about 30cm and let the helpful probiotics do their work. If there are symptoms of outer ear cornification, repeat the treatment every two days. Always consult a vet if in doubt or symptoms persist.

### RECOMMENDATIONS

- Do not use with products that may change effectiveness
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
- If symptoms persist consult a vet.

### COMPOSITION

- Water
- Plant-Based Probiotic Bacteria (Auto-Active Microorganisms)
- Odour Eliminator
- Surfactant
- pH Stabiliser
