

INGENIOUS PROBIOTICS

HORSE EYE CARE

Lucaa⁺ EQUINE PROBIOTIC CARE & HYGIENE

Fosters Healthier Eye Condition and Comfort

LUCAA+ Horse Eye Care improves eye cleanliness, hydration and health. The spray is enriched with beneficial 'good' probiotic bacteria, naturally sourced from plants.

These helpful probiotics restore healthy microbial balance to the skin around the horse's eyes and eyelids. They inhibit harmful bacteria and minimise allergic reactions to bio-allergens including pollen and mite faeces. They remove organic waste, dust and dirt, which improves comfort, whilst reducing infection, itching and inflammation.

This makes the horse feel more comfortable and reduces the risk of common conditions such as conjunctivitis.

Reduces Risk of Infection and Inflammation

Horses' eyes are delicate and eye problems can be painful and distressing. It is essential to treat problems quickly to prevent permanent damage. When the sensitive mucous membranes of the eyes are affected, they can become red and watery. The eyelids may thicken and the inside of the eye bulges outwards.

LUCAA+ Horse Eye Care works in a mechanical way that reduces antimicrobial resistance and can help to reduce antibiotic use.

INSTRUCTIONS

Always work with gloves and clean materials. Shake before use. Soak a cotton ball or tissue with LUCAA+ Horse Eye Care and gently clean the eyelids. Always use a different tissue for each eye to reduce the potential of cross infection. Repeat frequently to prevent recurring inflammation. Use a fly mask if required. Always consult a vet if in doubt or symptoms persist.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
- If symptoms persist consult a vet.

COMPOSITION

- Water
- Plant Based Probiotic Bacteria (Auto-Active Microorganisms)
- pH Stabiliser

Spray - 100ml

✓ **Reduces irritation & allergic reactions**

✓ **Vegan, plant-based & chemical-free**

✓ **Can reduce antibiotic requirements**
