

INGENIOUS PROBIOTICS

HORSE SHAMPOO

Lucaa+ EQUINE PROBIOTIC CARE & HYGIENE

Restores & Maintains Healthy Skin & Coat

LUCAA+ Horse Care Shampoo thoroughly and gently cleans, moisturises and soothes, whilst restoring healthy microbial balance to the skin and coat. It is scientifically formulated to improve the horse's well-being whilst removing dirt and stains.

The shampoo is enriched with beneficial, probiotic 'good' bacteria, naturally sourced from plants. These helpful probiotics remove the root causes of infection, inflammation, itching and unpleasant odours. They clean away harmful bacteria as well as bio-allergens that cause reactions - including pollen and feather mite faeces.

Vegan, Plant-Based and Cruelty-Free

All ingredients are safe, sustainable and environmentally-friendly. The shampoo is pH neutral and hypoallergenic and suitable for white horses.

INSTRUCTIONS

Follow safe processes to prevent slipping. Use a nozzle with a soft wide beam to gently and evenly wet the horse with lukewarm water. Shake before use. Dispense LUCAA+ Horse Care Shampoo onto a soft brush or sponge. Rub into the skin, avoiding the eyes and nose.

Allow to soak in whilst washing the mane and tail. If the tail is very dirty, add the shampoo to a bucket of water and immerse the tail.

Rinse several times until foam is white. Rinse again and remove excess water using a sweat scraper. Dry with a towel and take to a clean stable.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Avoid contact with eyes & nose.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
- If symptoms persist consult a vet.

COMPOSITION

- Plant-Based Probiotic Bacteria (Auto-Active Microorganisms)
- Water
- Emulsifier (Castor Oil)
- Caramel Aroma
