

DENAA+ Descaler RTU

TECHNICAL DATA SHEET

TECHNICAL REQUIREMENTS

Density at 30°C, g/mL approx. 1,06
pH 2,0 – 3,0
pH of 1% solution 2,0 – 3,0
Water content, % min. 70

GENERAL DATA

Appearance at (20÷25)°C liquid
Colour colorless
Transparency transparent
Solubility in water high
Odour Lemon scent

COMPOSITION

Aqua, Citric acid, Lemon aroma, Trisodium citrate dihydrate, D-pentose and D-glucose, oligomeric, C8 and C10 alkyl glycosides.....

GUIDE FORMULATION

Ready to use product

APPLICATION

Detergent for industrial cleaning.....

SHELF LIFE

Guaranteed period of stability: 24 months from the date of manufacture

STORAGE CONDITIONS *

Storage at room temperature, between 15 and 30°C.....
Store in closed container.....
Prevent product from freezing

Shake before use

PACKAGING*

0,5 Liter bottle.....27 x 0,5 Liter/box
5 Liter can 4 x 5 Liter/box

*Other packaging also available on request.

CERTIFICATION
