Lucaa+ EAR CARE

PROBIOTIC CARE AND HYGIENE FOR PETS

Improves Ear Inflammation and Infections

LUCAA+ Pet Ear Care is an easy to use smart spray that cleans the inner ear thoroughly and gently. The spray is enriched with beneficial 'good' probiotic bacteria, naturally sourced from plants.

These helpful probiotics restore healthy microbial balance to the ear canal. They inhibit the growth of harmful bacteria, which reduces the risk of infections. They also reduce inflammation and allergic reactions, organic dirt and ear wax. This fosters a healthy ear condition and makes the animal feel more comfortable.

LUCAA+ Pet Ear Care Spray works in a mechanical way that reduces antimicrobial resistance and can help to reduce antibiotic use.

Alleviates Itching Caused by Ear Mites

Ear infections can be a recurring problem for cats and dogs. Dirty internal and external auditory canals will often look red and may have an unpleasant odour. An infection that is not treated in good time can lead to serious consequences such as deafness. Prevention is better than cure.

Ear mites are a common parasite and are the primary cause of these infections. They live in ear wax and their faeces can cause intense and uncomfortable itching. The helpful probiotics in LUCAA+ Pet Ear Care deprive ear mites of food, which reduces their numbers, and consume their faeces. This alleviates the cause of the irritation.

Spray - 100ml

- ✔ **Cleans inner ear at a microbial level.**
- ✔ **No harmful chemicals or toxins.**
- ✔ **Can reduce antibiotic requirements.**

INSTRUCTIONS

Use 2-4 times a week depending on the ear's condition. Shake before use. Spray around and into the ear canal. Wait for approx. 5 minutes then remove loosened debris with a soft cloth. Never clean the ear canal with cotton buds as this can cause serious harm. Always consult a vet if in doubt or symptoms persist.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
- Not a medicine or medical device.

COMPOSITION

- Water
- Plant-Based Probiotic Bacteria (Auto-Active Microorganisms)
- Odour Eliminator
- Surfactant
- pH Stabiliser
