Lucaa+ ODOUR REMOVER

PROBIOTIC CARE AND HYGIENE FOR PETS

Makes Having a Pet Smell So Much Better!

LUCAA+ Pet Odour Remover removes the root causes of unpleasant odours caused by pets. The spray contains beneficial, 'good' probiotic bacteria, naturally sourced from plants.

These helpful probiotics eliminate root causes of smells (including urine, skin dander and other pet by-products), rather than masking with chemical fragrances. Unlike pathogenic (harmful) bacteria, the probiotic (helpful) bacteria in LUCAA+ Pet Odour Remover are odour-free.

The spray is eco-friendly and beneficial for all pets. It contains no dyes and will not stain and has a natural Aloe Vera aroma.

Eliminates the Root causes of Pet Odour

LUCAA+ Pet Odour Remover works in a safe and natural way: A patented deodoriser surrounds and encapsulates the molecule that is causing the odour, preventing it from making the unpleasant smell.

The helpful probiotics then eat the odour molecule as an organic food source. This eliminates the root cause of the smell rather than just masking with chemical air fresheners.

INSTRUCTIONS

Shake before use. Spray directly onto and around the animals, their bedding and any sources of unpleasant odour.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
