# evaa+ ODOUR REMOVER

## PROBIOTIC HOME CLEANING

### Eco-friendly Alternative to Chemical Air Freshener

EVAA+ Probiotic Odour Remover eliminates Root Causes of Unpleasant Smells Without Chemical air fresheners and masking fragrances. The easy to use spray is scientifically formulated to eliminate root causes of bio-odours in your home without harsh chemicals.

EVAA+ Probiotic Air Odour Remover contains beneficial 'good' (probiotic) bacteria, naturally sourced from plants. These helpful probiotics eliminate the root causes of smells, such as animal and sweat odours, rather than just masking them with polluting chemicals.

The spray is non-irritating. It does not contain dyes and will not stain.

### Plant-Based, Vegan and Cruelty-Free

EVAA+ Probiotic Odour Remover is a natural air deodoriser spray that works in a direct, unique, natural and organic way. A patented deodoriser surrounds and encapsulates the molecule causing the odour. Once the molecule is enclosed, the odour can no longer be circulated.

The helpful probiotic bacteria then eat the odour molecule, treating it as an organic waste food source. This natural process removes the cause of the smell at its source. Unlike harmful pathogenic bacteria, the helpful probiotic bacteria in our air odour remover are odour-free.

The spray has an added natural, fresh orange and basil aroma and no artificial fragrances.

### INSTRUCTIONS

Shake before use. spray directly onto any sources of unpleasant odour.

### RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

### COMPOSITION

- Water (> 30 %)
- Microorganisms (< 1 %)
