

evaa⁺ TOILET CLEANER

PROBIOTIC HOME CLEANING

Thoroughly Cleans Toilets Without Harsh Chemicals

EVAA+ Friendly Toilet Cleaner is a bleach-free toilet cleaner that's better for your health and the environment than harsh chemicals. It is enriched with beneficial 'good' (probiotic) bacteria, naturally sourced from plants.

The helpful probiotics inhibit the harmful bacteria that cause infections. They eliminate unpleasant odours by transforming organic waste into a harmless gas that humans cannot smell.

They also continue to work after application – so results are longer lasting. Regular use creates an increasingly healthier and balanced microbial environment within the toilet system.

EVAA+ Friendly Toilet Cleaner has a pleasant, natural orange and basil aroma. It is thixotropic and does not disappear straight down the drain. All ingredients are naturally sourced, non-polluting, non-corrosive and quickly biodegradable with no chlorine or other aggressive agents.

Reduces Septic Tank Cleaning Requirements

After flushing, the probiotics in EVAA+ Toilet Cleaner continue to consume organic waste whilst in the drain and sewers. This significantly reduces the quantity of physical waste in septic tanks and removes the sewage smell. Reducing physical waste quantity reduces the times the tank needs to be cleaned, which reduces costs. This also benefits the circular economy.

INSTRUCTIONS

Shake before use. Apply EVAA+ Friendly Toilet cleaner under the rim of the toilet and allow to soak for 10 minutes. Then scrub with a brush and flush. Regular use prevents limescale.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Eco-certified surfactants (< 12 %)
- Orange & pomegranate aroma (< 1 %)

Bottle - 750ml

✔ Cleans organic waste and limescale.

✔ Eco-Cert certified for sustainability.

✔ Cleans waste water in drains and pipes.
