SAFER, NATURAL CLEANING

The Kinder Way to Clean Your Home

EVAA+ Probiotic Home Cleaning Products respect you, your pets and your home. Not only are they free from harmful chemicals, toxins and pollutants, they are certified vegan and cruelty-free too.

Unlike harsh chemicals, these healthier eco-detergents work in a safe and natural way. They significantly improve hygiene without damaging your health or the environment. They are safe for your respiratory health and do not pollute your indoor air.

'Probiotic' means they have an added magical ingredient for extra benefits: beneficial 'good' bacteria, naturally sourced from plants.

These helpful probiotics are one of nature's greatest assets. They work their magic at a microbial – not just visible – level. They reach into hidden nooks and crannies, safely consume organic dirt, eliminate odours and outcompete any 'bad' bacteria. Not only do they achieve better hygiene, they leave your surfaces cleaner for longer.

What is more, the helpful probiotics actively restore healthy, microflora balance to your home environment, called the 'microbiome'. A healthy microbiome naturally supports immunity and promotes better health.

You can use our Probiotic Home Cleaning Products in place of harmful chemical cleaners. Like all detergents, they are effective against the Coronavirus, but without the toxic chemicals.

- ✓ Restores a healthy microflora balance.
- ✓ Anti-allergenic - reduces bio-allergens and chemicals.
- ✓ No artificial fragrances or chemical air fresheners.
- ✓ Respects you, your pets and the environment.

HOW PROBIOTIC PRODUCTS WORK

NATURALLY SOURCED & MORE RESPONSIBLE THAN CHEMICAL CLEANING

Safer, Mechanical Action Reduces Antimicrobial Resistance

Whilst the world has been fighting Covid-19, it's taken its eye off an even scarier threat to global health: The increasing number of antibiotics that no longer work.

Spikes in secondary bacterial infections and unprecedented chemical cleaning is pushing bacteria and other microorganisms to increasingly resist previously effective treatments. They are continually evolving, growing a protective shield and mutating into resilient super bugs. This antimicrobial resistance (AMR) reduces the effectiveness of our most essential healthcare tool - antibiotics.

The good news is that probiotic cleaning products work in a mechanical way that safely inhibits harmful bacteria without causing them to mutate and develop resistance. They simply win the competition for the food and space needed to survive. The pathogens die and become a food source for the probiotics. This restores a safer and healthier microbial balance that supports well-being.

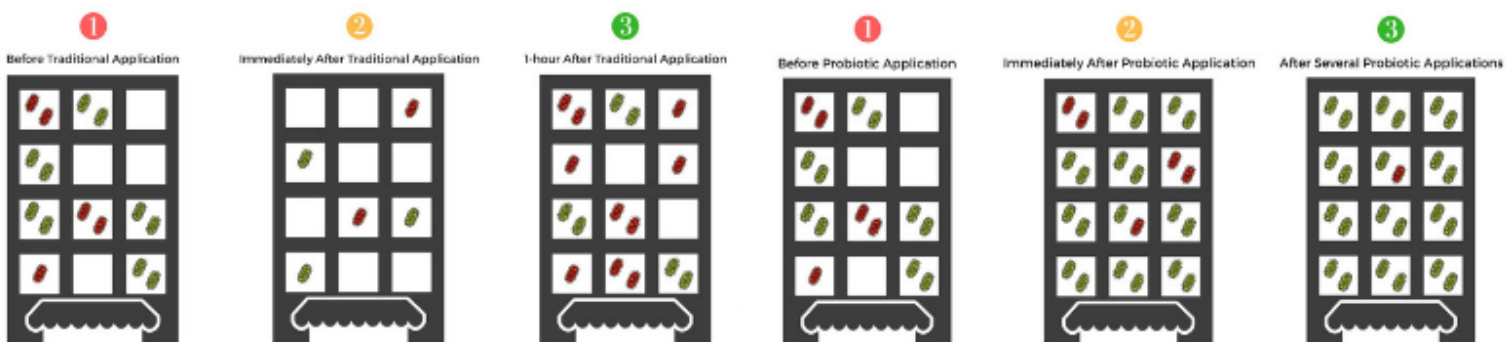

The helpful probiotics also significantly improve hygiene at a microbial level. They consume bio-allergens - pollen, dust mite faeces - as well as odour molecules, organic waste, dirt and grease, and faecal matter from unwashed hands.

Restores
healthy
microflora
balance.

Help to
keep
antibiotics
working.

Longer
lasting,
natural
action.

TRADITIONAL VS. PROBIOTIC CLEANING

EVAA+ probiotic home cleaning products are also eco-detergents that thoroughly cleanse. The action of cleaning combined with soap surfactants breaks apart virus fat membranes - including the Coronavirus. The helpful probiotics then safely consume the broken-down virus as a natural food source. They remain on surfaces and floors after cleaning, continuing to work between applications.

INGENIOUS PROBIOTICS

evaa⁺ AIR OPTIMISER SPRAY

PROBIOTIC HOME CLEANING

Reduces Allergy Symptoms from Organic Sources

EVAA+ Air Optimiser improves allergy management and helps prevent skin and respiratory allergy symptoms. It is especially beneficial for managing dust-mite allergies.

This simple to use yet highly effective preventative spray is powered by beneficial, 'good' (probiotic) bacteria, naturally sourced from plants.

These helpful probiotics work naturally to restore a healthy microflora balance. They safely consume bio-allergen triggers – dust mite faeces, pollen, skin flakes, mould spores and organic waste – as a natural food source.

They also inhibit harmful bacteria, which reduces the risk of bacterial infections. Unlike chemicals, this mechanical action does not cause harmful bacteria to develop resistance.

Improves Management of Dust Mite Allergy

When sprayed into the air, EVAA+ Probiotic Air Optimiser lands on textiles and soft furnishings such as blinds and privacy curtains that are not easy to clean. It also reaches into nooks and crannies and often missed places – including keyboards and cracks in surfaces.

The spray is eco-friendly and has a long-lasting action. It is A+ rated and scientifically proven to be safe and free from harmful chemicals and toxins. The non-polluting formula improves the quality of indoor air.

Spray - 300ml

A+ rated for respiratory safety.

Plant-based, no harmful chemicals.

Room and duct dispensers available.

INSTRUCTIONS

Maintain good general hygiene for best results. Shake before use, spray EVAA+ Air Optimiser into the air and allow to settle onto surfaces. Do not wipe. Use once per day for the first five days then repeat once per day every three days. Can also be sprayed directly onto surfaces and soft furnishings.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.
- This product is not a medicine or medical device.

COMPOSITION

- Water (> 30 %)
- Microorganisms (< 5 %)
- Natural aloe vera aroma (< 1 %)

INGENIOUS PROBIOTICS

evaa⁺ FLOOR CLEANER

PROBIOTIC HOME CLEANING

A Vegan Eco-Detergent that is Better for Indoor Air

EVAA+ All Floor Cleaner is a sustainable eco-detergent made without harmful chemicals. It is enriched with beneficial 'good' (probiotic) bacteria, naturally sourced from plants.

These helpful probiotics clean more than visible dirt: They inhibit harmful bacteria that cause infections without causing them to mutate or develop resistance.

The good bacteria in our hard floor cleaning liquid work in a natural, mechanical way that continues to work after application, so results are longer lasting.

Switching to EVAA+ Floor Cleaner also reduces bio-allergens, including dust mite faeces, animal dander, pollen and fungal spores, as well as organic dirt. This improves allergy management in both humans and pets.

Creates a Healthier Microflora Environment

Regularly cleaning with EVAA+ Green Floor Cleaner restores a natural microflora balance. A healthy microbiome is known to support well-being.

Ingredients are naturally sourced with no harmful chemicals, toxins or pollutants. The formula is non-irritating, non-carcinogenic and quickly biodegradable. This benefits the quality of indoor air in your home. PETA certifies as vegan and cruelty-free.

INSTRUCTIONS

Shake before use. Depending on the contamination, add 40 – 80ml EVAA+ Green Floor Cleaner to 10 litres of warm water. Mop the floor then rinse with water to remove the foam. You can also use a power mop or microfibre mop.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Eco-certified surfactants (< 13 %)
- Microorganisms (< 5 %)
- Orange & pomegranate aroma (< 1 %)

Concentrate - 1 litre

- ✓ **No harmful chemicals, toxins or pollutants.**
- ✓ **Keeps working on floor for up to 3 days.**
- ✓ **Benefits pets with skin allergy symptoms.**

evaa⁺ HAND SOAP

PROBIOTIC HOME CLEANING

Dermatologically Tested and Suitable for Sensitive Skin

EVAA+ Probiotic Hand Soap is gentle, moisturising and thorough – and free from harmful chemicals. It is particularly good for sensitive skin as the formula is non-irritating and anti-allergenic.

In addition, Aloe Vera oil moisturises and softens, protects cell membranes and accelerates the formation of new skin cells. This is an ideal hand soap for dry skin. As well as being caring and protective, the soap effectively removes tough stains including grease, mechanical oil, dirt and mud.

EVAA+ Probiotic Hand Soap is Eco-Cert certified as sustainable and kind to the environment. The ingredients are naturally sourced, non-polluting and quickly biodegradable – with no harmful chemicals, toxins, carcinogens, parabens or aluminium.

Protects Hands from Harmful External Influences

The added magical ingredient is beneficial 'good' bacteria (probiotics), naturally sourced from plants. These helpful probiotics restore healthy, protective balance to your hands. They remain on your hands after washing or sanitising with alcohol-based hand gel and continue to protect your hands from external influences and harmful bacteria.

Like all detergents, EVAA+ Probiotic Hand Soap and water significantly reduces the risk of contracting infections – including Coronavirus.

INSTRUCTIONS

Wet hands and pour 2 to 3ml into one hand. Wash for 20 seconds then rinse liberally with warm water. Dry thoroughly

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- New generation of concentrated microorganisms (< 1 %)
- Surfactant such as coconut based oils and natural glycerine (< 12.5 %)
- Natural orange and pomegranate aroma (< 1 %)

Bottle – 300ml
Eco-friendly refill
– 5 litres

PETA certified as vegan and cruelty-free.

No harmful chemicals or parabens.

Works with alcohol hand sanitisers/gels.

INGENIOUS PROBIOTICS

evaa⁺ INTERIOR CLEANER

PROBIOTIC HOME CLEANING

Healthier for You, Your Home and the Environment

EVAA+ Green Interior Cleaner is a ready to use spray that is ideal for most hard surfaces, including windows and mirrors. It is a sustainable, biodegradable and safer alternative to traditional synthetic and chemical hard surface cleaners. It is enriched with 'good' bacteria, sourced from plants, that clean more than visible dirt:

The helpful probiotics clean hard surfaces naturally at a microbial level. They reach into nooks and crannies, consuming dirt, grease, 'bad' bacteria and bio-allergens (dust mite faeces, pet dander, pollen). They also actively eliminate the root causes of unpleasant odours. This reduces the need for artificial air fresheners to mask smells.

Like all detergents, EVAA+ Green Interior Cleaner is effective against viruses, including Coronaviruses.

Restores Healthy Microbial Balance to Hard Surfaces

Unlike chemicals, probiotic results are longer lasting. Regular use restores a healthier microflora balance (the microbiome) to hard surfaces, which fosters a healthier indoor environment.

Ingredients are naturally sourced, non-polluting, non-irritating and hypoallergenic – with no harmful chemicals, carcinogens, toxins, parabens or aluminium. When discarded down the drain the helpful probiotics continue to clean the pipes and wastewater.

INSTRUCTIONS

Shake before use. Spray lightly onto the surface and wipe with a clean microfibre cloth. Spray is economical and easy to use. Refill with EVAA+ Universal Cleaner for an even more eco-friendly option.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- For use on waterproof surfaces only.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Microorganisms (< 5 %)
- Eco-certified surfactants (< 1.5%)
- Natural orange & pomegranate aroma (< 1 %)

Spray - 500ml

No harmful chemicals or toxins.

Keeps working on surfaces up to 3 days.

Fresh and natural mint aroma.

ASK ABOUT THE RANGE!

evaa⁺ ODOUR REMOVER

PROBIOTIC HOME CLEANING

Eco-friendly Alternative to Chemical Air Freshener

EVAA+ Probiotic Odour Remover eliminates Root Causes of Unpleasant Smells Without Chemical air fresheners and masking fragrances. The easy to use spray is scientifically formulated to eliminate root causes of bio-odours in your home without harsh chemicals.

EVAA+ Probiotic Air Odour Remover contains beneficial 'good' (probiotic) bacteria, naturally sourced from plants. These helpful probiotics eliminate the root causes of smells, such as animal and sweat odours, rather than just masking them with polluting chemicals.

The spray is non-irritating. It does not contain dyes and will not stain.

Plant-Based, Vegan and Cruelty-Free

EVAA+ Probiotic Odour Remover is a natural air deodoriser spray that works in a direct, unique, natural and organic way. A patented deodoriser surrounds and encapsulates the molecule causing the odour. Once the molecule is enclosed, the odour can no longer be circulated.

The helpful probiotic bacteria then eat the odour molecule, treating it as an organic waste food source. This natural process removes the cause of the smell at its source. Unlike harmful pathogenic bacteria, the helpful probiotic bacteria in our air odour remover are odour-free.

The spray has an added natural, fresh orange and basil aroma and no artificial fragrances.

INSTRUCTIONS

Shake before use. spray directly onto any sources of unpleasant odour.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Microorganisms (< 1 %)
- Odour eliminator (< 7 %)
- Natural orange & pomegranate aroma (< 1 %)

Spray - 300ml
Eco-friendly refill
- 5 litres

No harmful or artificial chemicals or fragrances.

Fresh, natural orange and basil aroma.

Sustainable with a longer lasting action.

evaa⁺ SANITARY CLEANER

PROBIOTIC HOME CLEANING

Free From Harmful Chemicals and Pollutants

EVAA+ Green Sanitary Cleaner is a ready to use, highly effective spray specifically designed for bathrooms. It is an eco-friendly and responsible alternative to traditional synthetic and chemical cleaning agents.

EVAA+ Green Sanitary Cleaner is enriched with beneficial 'good' (probiotic) bacteria, naturally sourced from plants. These helpful probiotics restore a healthy balance to bathrooms at a microbial level.

They inhibit harmful bacteria that cause infections without causing the bacteria to mutate and develop resistance. Unlike traditional products, this natural mechanical action continues to work after application – meaning results are longer lasting.

Cleaning regularly with EVAA+ Green Sanitary Cleaner creates an increasingly healthier microbial environment within the bathroom.

Restores a Healthy Balance to Bathrooms

Switching to this sanitary cleanser also reduces bio-allergens, including dust mite faeces and fungal spores, as well as organic waste. This improves allergy management and reduces the growth of mould.

The helpful probiotics also eliminate the root causes of unpleasant odours. There is no need for chemical air fresheners.

All ingredients are naturally sourced, chemical-free, non-polluting, non-irritating, anti-allergenic and quickly biodegradable.

INSTRUCTIONS

Shake before use. Spray lightly onto the surface and wipe with a clean microfibre cloth. Spray directly into inaccessible areas to clean.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- For use on waterproof surfaces only.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

evaa⁺ TOILET CLEANER

PROBIOTIC HOME CLEANING

Thoroughly Cleans Toilets Without Harsh Chemicals

EVAA+ Friendly Toilet Cleaner is a bleach-free toilet cleaner that's better for your health and the environment than harsh chemicals. It is enriched with beneficial 'good' (probiotic) bacteria, naturally sourced from plants.

The helpful probiotics inhibit the harmful bacteria that cause infections. They eliminate unpleasant odours by transforming organic waste into a harmless gas that humans cannot smell.

They also continue to work after application – so results are longer lasting. Regular use creates an increasingly healthier and balanced microbial environment within the toilet system.

EVAA+ Friendly Toilet Cleaner has a pleasant, natural orange and basil aroma. It is thixotropic and does not disappear straight down the drain. All ingredients are naturally sourced, non-polluting, non-corrosive and quickly biodegradable with no chlorine or other aggressive agents.

Reduces Septic Tank Cleaning Requirements

After flushing, the probiotics in EVAA+ Toilet Cleaner continue to consume organic waste whilst in the drain and sewers. This significantly reduces the quantity of physical waste in septic tanks and removes the sewage smell. Reducing physical waste quantity reduces the times the tank needs to be cleaned, which reduces costs. This also benefits the circular economy.

INSTRUCTIONS

Shake before use. Apply EVAA+ Friendly Toilet cleaner under the rim of the toilet and allow to soak for 10 minutes. Then scrub with a brush and flush. Regular use prevents limescale.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Eco-certified surfactants (< 12 %)
- Orange & pomegranate aroma (< 1 %)

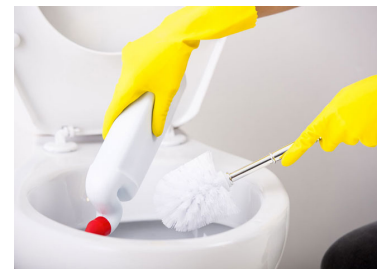

Bottle - 750ml

✓ Cleans organic waste and limescale.

✓ Eco-Cert certified for sustainability.

✓ Cleans waste water in drains and pipes.

ASK ABOUT THE RANGE!

INGENIOUS PROBIOTICS

evaa⁺ UNIVERSAL CLEANER

PROBIOTIC HOME CLEANING

Plant-Based with No Harmful Chemicals

EVAA+ Probiotic Universal Cleaner is ready to use, sustainable and quickly biodegradable. Ideal for most hard surfaces, including windows and mirrors.

This spray is an eco-friendly and safer alternative to traditional synthetic and chemical hard surface cleaners. It is enriched with 'good' bacteria, naturally sourced from plants, that clean more than visible dirt:

The helpful probiotics clean hard surfaces naturally at a microbial level. They reach into nooks and crannies, consuming dirt, grease, 'bad' bacteria and bio-allergens (dust mite faeces, pet dander, pollen). They also actively eliminate the root causes of unpleasant odours. This reduces the need for artificial air fresheners to mask smells.

Like all detergents, this cleaner is effective against the Coronavirus.

Restores Healthy Microbial Balance to Surfaces

Unlike chemicals, regular use restores a healthier microflora balance (the microbiome) to hard surfaces, which fosters a healthier indoor environment. Ingredients are non-polluting, non-irritating and hypoallergenic with no harmful chemicals, carcinogens, toxins, parabens or aluminium. When discarded down the drain the helpful probiotics continue to clean the pipes and wastewater.

INSTRUCTIONS

Shake the concentrate bottle before use. Add 50 to 100ml of EVAA+ Probiotic Universal Cleaner Concentrate to 10 litres of fresh, hand warm tap water. Use concentrate bottle within six months of opening.

Alternatively, simply refill your 500ml EVAA+ Probiotic Universal Cleaner trigger spray bottle: Shake the concentrate bottle before use. Fill the clean, empty spray bottle with fresh, hand warm tap water. Add 5ml (half a capful) of concentrate. Close the bottle and shake briefly. Spray lightly onto a clean microfibre cloth and wipe surfaces. Spray directly into inaccessible areas – the natural capillary action of the water combines with the movement of the probiotics to reach and clean hard to reach areas. Store out of sunlight and between 10 – 30°C. Use within 3 months to maintain optimum effectiveness of the probiotics. Follow dosing instructions exactly.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- For use on waterproof surfaces only.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Microorganisms (< 7.5 %)
- Eco-certified surfactants (< 10 %)

evaa⁺ WASHING UP LIQUID

PROBIOTIC HOME CLEANING

Cleans Your Dishes without Harmful Chemicals

EVAA+ Probiotic Washing Up Liquid (labelled EVAA+ Green Dish Soap) deep cleans your dishes without chemicals. The formula has added beneficial 'good' bacteria, sourced from plants, which clean at a microbial level – not just visible – level. This removes ingrained food, dissolves fat, and eliminates smells.

Secondly, EVAA+ Probiotic Washing Up Liquid has a longer-lasting action that keeps your sink and dishcloth more hygienic between uses. This also builds a healthier kitchen ecosystem over time.

Suitable for Sensitive Skin and Kind to Hands

EVAA+ Probiotic Washing Up Liquid is kind to hands, non-irritating and safe for sensitive skin.

The eco-friendly ingredients are quickly biodegradable and free from harsh chemicals, toxins and pollutants including parabens and bleach. It is also PETA certified as vegan and animal cruelty-free.

Furthermore, if your pet suffers from chemical allergies, washing their food and water bowls with EVAA+ Probiotic Washing Up Liquid helps pets who have allergic or sensitivity reactions to chemical cleaning agents.

INSTRUCTIONS

Use a small amount of product, depending on how dirty the dishes are. Clean manually with a sponge or brush to remove stubborn residue.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Microorganisms (< 5%)
- Anionic surfactants (< 20 %)
- Oils (< 1 %)
- Thickeners (< 1 %)
- pH regulator (< 1 %)
- Natural orange and pomegranate aroma (< 1 %)

Bottle - 300ml

Vegan, sustainable and eco-friendly.

Kind to hands and safe for sensitive skin.

Natural aroma - orange and pomegranate.

evaa+ DESCALER

NATURAL HOME CLEANING

An Efficient and 100% Natural Limescale Remover Spray

EVAA+ Friendly De-Scaler is an eco-friendly, entirely natural de-scaler spray that effectively cleans and removes limescale.

This easy to use spray naturally improves the hygiene of your kitchen and bathroom. The core ingredient is natural acids found in citrus fruits. As a result, the spray has a refreshing, natural lemon aroma.

Note: Does Not Contain Probiotics.

Efficiently Removes Limescale without Chemicals

Limescale is an unsightly chemical deposit that often occurs in areas of hard water. Not only can it promote the growth of bacteria, but it can also reduce the functioning of taps and fittings and shorten their service life.

EVAA+ Friendly De-Scaler is non-corrosive and non-polluting and is kind to the environment. It does not contain any chemicals or toxic ingredients and is, therefore, safer for health and long term use.

You can use this de-scaler spray in place of chemical de-scalers. It can clean the limescale on shower doors, tiles, plastics, metals and glass. You can also use it as a limescale remover for taps and sinks.

INSTRUCTIONS

Spray on limescale spots and allow to soak for 10 minutes. Then scrub and rinse with water. For best results, use together with EVAA+ Probiotic Sanitary Cleaner: First use EVAA+ Natural De-Scaler to remove limescale. Then use EVAA+ Probiotic Sanitary Cleaner to remove organic material and bacteria, bring freshness, shine and a longer-lasting clean.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water (> 30 %)
- Citric acid (< 15 %)
- Natural lemon aroma (< 1 %)
